"MANTRAP"

With Ernest Torrence, Clara Bow, Percy Marmont.

A DRAMA of the Northland—of two men—and a girl who ramps wise and foolish alike and then burles them at each other's throats. Unforgettable!

CLARA BOW as the manure-girl bride of a Maine woodsman—a luring little flirt who smiles and sparkles all too dangerously.

Coming Next Week:
"The Midnight Sun"

Parent Teacher Assn. To Meet Saturday

An open meeting of the Parent-Teacher's Association of Champion Con. S.D. will be held in the school on Saturday, April 23rd, at 3 o'clock. All parents interested are requested to be present. The following committees are requested to get together and report on work accomplished and report at this meeting:

School Grounds Committee—Mrs. Caldwell, Mrs. Fisher, Mrs. Taylor, Mr. Nelson.
Program Committee—Mrs. Ryan, Mrs. McLean.
Hall Committee—Mrs. Ryan, Mrs. Campbell.

Committee to report on any side news, in the interest of the school: Mrs. McLean, Mrs. Puzey.

OFFICERS OF P. T. A.
Hon. President—Hon. Porcia Baker
President—Mrs. Ryan
Vice-President—Mr. McDougall
Secretary—Mrs. Hoak
Cov. Secretary—Miss H. Woodhull
Treasurer—Mrs. Campbell
Executive—Mrs. Caldwell, Mrs. Fisher, Mrs. Taylor, Mr. Puzey, Mrs. McLean, Miss Barclay, Mr. Hafford, Miss Tord, Miss Smithson, Mr. Frame, Mr. Nelson.

Wheat Pool Ships Heavily From P. Rupert

The Alberta Wheat Pool has loaded twenty-two ships with wheat from the 1926 crop at Prince Rupert and expects to bring the total up to twenty-four before the crop movement is ended this spring.

The Alberta Pool terminal at Rupert has already handled 5,188,000 bushels and the total will reach 5,788,000 bushels within a few weeks. This is a larger total than was anticipated last fall.

The Prince Rupert house was built and is owned by the Canadian government, has a capacity of 1,250,000 bushels and is probably the fastest handling terminal on the coast. It is under lease to the Alberta pool for a term of two years. Joseph Bennett is superintendent of this elevator.

Through the Pool's extensive operation, the ocean freight differential has disappeared and grain is shipped to Europe from Prince Rupert at the same rate as from Vancouver. Of the twenty-four ships already loaded or committed, six carried grain to the Orient and eight to Europe.

Previous to the pool leasing the Rupert terminal, no wheat had been shipped from that port.

Mrs. J. N. Heaubier gave notice at a recent meeting of the Women's Institute of a renewed effort to get the community hall away this year, and asked co-operation from that organization. There is no opposition to the building of a community hall. There is simply a feeling of apathy when it comes to supplying the ways and means. The community hall is not the only project suffering from this feeling, a sort of community ennui.

The Easter holidays, with the exception of Good Friday and Easter Monday, were not observed in the Champion Consolidated school except in the rooms taught by Miss Tord and Miss Woodhull. Owing to time lost through the prevalence of scarlet fever it was deemed advisable to utilize every possible day in order to make up for the lost time.

Miss Ella Stephenson and Miss Kathleen Watkins, of Calgary, spent Easter at their homes here.

Is Champion to Have Ball Team This Year?

There are many queries as to whether Champion is to have a baseball team this year. With such an outstanding record in the past it seems almost inconceivable that there will not be a team in the field to maintain the standing achieved in years gone by. There are a number of new players in residence here who should aid in solving the problem.

Omitted From Report Of W. I. Meeting

Through an error the following was omitted from the account of the last meeting of Champion W.I. The community hall fund was again revived and will be going strong in a short time. A clean-up day, the date to be set after the committee consult with the council, was arranged for. After the business was completed Miss Barbara Wise rendered a piano solo to the delight of all present. A contest was then enjoyed by all. Mrs. Ryan taking first prize, Mrs. H. Gill, booty. Mrs. Millin was nominated as delegate to go to Edmonton in May. The next meeting on May 10th, will be held at the home of Mrs. P. O. Sommers.

Seeding Operations Delayed by Cold Snap

Seeding operations, which had gained quite a momentum at the end of last week, ceased abruptly when the weather changed on Sunday, a cold wind from the north not only providing a gorgeous dust storm but temperature that rivalled some of the coldest of the winter.

Card of Thanks

F. J. Clapp wishes to thank the Ladies' Aid for flowers sent during his illness and also numerous other friends for generous assistance and other kindnesses.

Wayne Anderson met with a serious accident on Saturday, when a saddle horse he was riding slipped and fell upon the rider's leg, breaking it. Wayne is improving as rapidly as could be expected under the circumstances.

After spending some months at Spokane and other Washington points, Sam Jopling returned to Champion on Wednesday morning. He had an enjoyable time while in the States but still considers this is the land of opportunity for the man who works.

Mrs. W. Ellis was a church hostess last Thursday.

Mrs. C. Cowie spent Easter visiting relatives at Lethbridge.

Mrs. Lawrence's niece, from Ensign, was an Easter visitor here.

Mrs. J. S. Collins was registered at the Palliser hotel, Calgary for Easter.

Harry Smith, of Calgary, spent Easter with his parents, Mr. and Mrs. H. E. Smith.

A number from Champion attended the meeting of the Elks' Lodge at Staveland on Tuesday night.

Mrs. Forbes and Melba McGilivray and Miss Margie Ferguson took part in Mr. Harper's recital at Milk River.

NOTES AND COMMENT

The Chinese situation is growing
more tense week by week and threat-
ens to lead to serious complications in
the near future. The Chinese Red
shocks are credited with starting the
Chinese on the warpath. If they are
responsible, present indications are
that they have bitten off more than
they can handle. It is always very
easy to start something and fre-
quently very difficult to stop it after it
gains momentum.

The only gratifying thing about the
wind storm we have endured recent-
ly is that but little seedling was done.
If the change to decent weather con-
tinues, comes when seedling starts
again and lasts until the ground is
well covered with growth we will be
able to forgive some of the weather
capricious lately experienced.

There is reason to believe that
people are not inclined to take such
diseases as scarlet fever, diphtheria,
measles and lock upon quarantine
regulations as unnecessarily severe.
Just so long as the most rigid is taken
is not enforced, it is a fact of re-
current outbreaks of the disease.

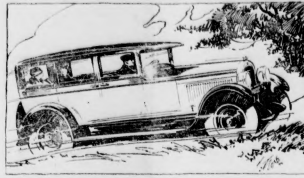

AGRICULTURE

(Portion of paper prepared and read
at Champion W. L. by Mrs. W. Ulrich)

I look upon agriculture as an art,
one that ought to be considered and
must be considered as the most impor-
tant art in civilization, and if as a
nation we are to survive our age we
must live worthy of it, even though
the reward may not be evident in our
own day. Webster has defined agri-
culture as the art or science of culti-
vating the ground in order to raise
grain and other crops for the main-
tenance of man and beast and includes
the preparation of the soil, sowing
and planting of seeds, harvesting of
crops and the rearing and manage-
ment of live stock. It is an art that
has been practiced since the first dawn
of civilization and must be continued
as long as the human race exists.
Therefore it is only fitting that we, as
members of an organization like the
Women's Institute and as citizens of
an agricultural country like our Dom-
inion of Canada, should interest our-
selves in this branch of our organiza-
tion. Let us stop and consider for one
brief moment what relation agricul-
ture holds with the other activities of
our organization. Take for instance
our Child Welfare and Public Health.
Can we safeguard our nation's health
if we neglect our agriculture? Does
not our milk, butter, eggs, meat and
vegetables come from the farm, and is
it not our duty, not only to see that
there is plenty of these on our tables,
but also are all in quality? Is it not
our duty as mothers to see that our
families are properly nourished with
the right kind of food, for is it not
from your home and mine that our
future citizens must come that are to
furnish our nation with brain and
brawn? We hasten to mortgage the
house to pay hospital, doctor and an-
aesthetics to cure some beloved child or
relative of tuberculosis, rickets or mal-
nutrition, but how we begrudge the
few cents more it costs to insure fresh,
pure milk, or the cost of an extra
quart of milk that the child may have
all he wants to drink. And when eggs
get to be fifty cents a dozen, they are
conspicuous by their absence on some
tables weeks at a time where there are
several little children, while the
parents of these same children spend
the price of two or three dozen eggs a
week for entertainment which is bene-
ficial to neither mind nor body.

There was a time when
farming was considered by many peo-
ple as a sort of degrading occupation
fit only for those who lacked the
brains and education to go into a
profession of some of the more refined
callings, but we are beginning to
realize that it takes a high order of
ability and education to bring out the
fullest possibilities of the soil. We
are now finding out that agriculture
is as great a science as astronomy and
that ignorant men have been getting

an indifferent living from their farms
because they did not know how to
mix breeds with the soil. The science
of agriculture is fast becoming ap-
preciated and is more and more re-
garded as a high and noble calling, a dignified
profession. Think what it means to
go into partnership with the Creator
in bringing out larger, grander pro-
ducts from the soil, to be able to co-
operate with that divine creative
force, and even to vary the size, the
beauty, the perfume of flowers, to
enlarge, modify and change the flavor
of fruits and vegetables to our liking!
Think what it must mean to be a
sculptor like the late Luther Burbank,
changing colors, flavors, perfumes,
and species. Almost anything is pos-
sible when one knows enough and has
heart and sympathy to enter into
partnership with the great creative
force in nature. Mr. Burbank said
that the time would come when man
would be able to produce at will any
shade or color he wished, or any flavor
in any fruit, and that nature will give
us almost any thing when we know
enough to treat her intelligently,
wisely and sympathetically. If this
be true, a golden age lies before us.
This vast stretch of prairie may be
converted not only into fields of gold-
en grain, but we will still be able to
see our houses surrounded with
majestic maple trees and apple or-
chards, and these wild sweet stretches
that to-day look like a desert, may in
the future blossom as the rose. A lot
of people question the ability to cope
with new work the scope of which lies
entirely outside their ordinary expe-
riences, they are afraid to undertake
tasks which involve work of an en-
tirely new nature, therefore we are
never prone to put off new endeavors
and we are apt to overlook the great
possibilities that our country is cap-
able of. Perhaps there are many among
us that have already in times past
tried to beautify the home surround-
ings by planting a few trees or
berry bushes or a few flowering bulbs
but were unsuccessful in the attempt
to make them grow and you lost heart
in the experiment. Don't give up.
Remember that Thomas Edison in
perfecting his wireless made sixteen
attempts at one of his inventions and
failed every time. He was severely
criticized by one of his helpers for
wasting so much time and money on
something that proved a failure every
time, but Thomas calmly replied "I

The Most Brilliant Type
of six-cylinder performance
need cost no more than this price

HUPMOBILE Six is the splendid result of a convic-
tion that the finest and most brilliant type of
six-cylinder performance can be built into a Sedan
or Brougham to fit for less than Hupmobile's price.

In designing and manufacturing this Sedan, Hup-
mobile has gone the limit—actually raising the
quality of the car a full 10 percent without any raise
in purchase price, thus obviously making it the
closest-priced six in Canada.

We invite you to try out the Hupmobile Six—to
enjoy its thrilling performance, its smartness and
elegance both inside and out—to discover for your-
self why so many thousands of buyers have singled
it out as offering more quality for dollar of purchase
price than any other six on the market.

Sedan (illustrated) five-passenger, four-door, \$1910.
Brougham, five-passenger, two-door, \$1910. Coupe,
five-passenger, with rumble seat, \$1910. Roadster, with rumble
seat, \$1910. Touring, five-passenger, \$1825. All prices
f.o.b. Windsor.

THE CLOSEST-PRICED SIX IN CANADA

Whippet Power, Speed, Stamina and
Economy Proved in Dramatic
Demonstrations

No hill is too high for a Whippet. No
road too rough. In countless graduate
tests— from Canada to Mexico—
from the lowest point to breath-taking
to the snow-capped peak of White
Mountain— "Big Pink" has broken
boiling— the Whippet has broken
world's records in the most impressive
way.

This car has stamina. It has been
smoothness and flexibility formerly
found only in the highest priced cars.
55 miles an hour— 5 to 10 miles in 13
seconds— with all the reserve power that
this implies.

Now add to this the outstanding Whip-
pet advantages of "Big Pink"— 20
gallon, 4-wheel brake and low gravity
center, abundant roominess, and you
have the reason why scores of thou-
sands of "Big Pink" are today driving this
famous car. See it before you buy.

B. N. WOODHULL, AGENT, CHAMPION

MAY APPOINT A BRITISH ENVOY TO DOMINION

Ottawa.—Great Britain may appoint a representative to Canada to act in almost the same capacity as the minister who has been appointed from the United States. Premier W. L. Mackenzie King stated in the House of Commons, The Prime Minister said that a British representative would probably be a "high rank minister to Canada."

Premier King's announcement came during his explanation of an item in the estimates of \$8000 for a secretary to the prime minister. The premier stated that he voted this item voted for an executive secretary. Some misunderstanding arose over the word "secretary." He would like to point out, he said, that the prime minister was the only minister who had not a deputy minister. He only assisted the prime minister in the private secretaries. The work of the prime minister's office, Premier King added, was now increased so that it was imperative in the public interest that he be organized on business-like lines similar to other departments.

Premier King referred to the appointment of a minister from the United States.

"I understand that in all probability Great Britain intends to appoint a representative to Canada in a similar capacity," Premier King said, "someone who will occupy the position of a high commissioner to the Dominion and who will exercise, perhaps, more in the nature of a partnership of conversation with the prime minister than with any other minister of the Crown."

King High Commissioner, Conservative leader, declared that in view of the explanation given by the prime minister he did not see serious objection to the idea being proposed. When first appeared in the estimates, there had been a general impression that it was for a "glorified secretary."

To Purchase

Legation Building

\$500,000 Voted for Canadian Legation at Washington

Ottawa.—The purchase of a building for the Canadian legation at Washington \$500,000 was voted by the House of Commons after a brief discussion. The purchase of the building of the Conservative opposition, then, moved to have the amount reduced to \$250,000, but on division the motion was lost by 2 to 98.

The Conservative leader argued that \$250,000 would be sufficient to secure adequate rental quarters for the legation until a permanent building had been erected by the newly-appointed minister from the United States in Canada would be secured.

The prime minister, in supporting the appropriation, said that it would be more economical to purchase than to rent and, moreover, it would be to maintain her prestige among the residents of the world represented in Washington a proper, permanent building should be erected.

Soviets Would Help Cantonese Movement.—A Khabarovsk dispatch says the Chinese Labor Union is being headed with applications from workers who desire to be sent to China to help the Cantonese in their fight against the Northerners. A statement issued by the Union declares, however, that while the pro location of the Soviet public are always ready to support the Chinese workers morally it is not recruiting men for such service.

Work Should Be Divided.—Vancouver.—That the building of vessels by the Canadian Government Merchant Marine for the new service to be inaugurated between Canada and the West Indies "should be divided unequally between the Atlantic and Pacific coasts" is the recommendation contained in a resolution passed by the Vancouver board of trade on Tuesday night.

Mr. Henry Thornton, president of the Commercial Union, said that the recommendation was made by the Vancouver board of trade on Tuesday night.

Japan May Send More Ships.—Tokyo.—Japan's fleet is already in Chinese waters, is expected to be augmented soon by four more destroyers. Various newspapers have reported that the Japanese government is urging the government to assume a more active attitude toward China, but the press has not mentioned the maintenance of its present attitude, although announcing that recently may cause an alteration at any time.

Bank Messenger Robbed

With Police Close By Handily Escape With \$13,000 in Cash

Niagara Falls, N.Y. Two armed bandits held up and robbed Police Officer McMahon, messenger for the Canadian National Bank, in the main post office and escaped with about \$13,000 in cash.

McMahon had just stepped into an armored bank car under police guard and entered the building when the men covered him with guns at the door of Postmaster Frederick C. Newell's office, took the bag of money he carried and sped away in an automobile bearing an Ontario license.

When he jumped out of the armored car McMahon ran into the post office. Postmaster Angus McEwen, one of the three police officers guarding the armored car, left the machine and followed the bank messenger into the building. McMahon, equipped with him at the door as he was coming out to alert the alarm. McMahon ran across to the door through which the bandits fled and fired a shot. The bandits escaped away from the curb. Neither did the bandit car, it is believed.

U.S. Air Mail

May Permit Canadian Stamps to Be Used in Future

Washington, D.C.—Presumption in Canadian stamps of the special fee of 10 cents for the United States air mail service will be arranged for Canadians, if there is any demand for the service.

It is understood that the extension of the U.S. air mail to Canadian mail matter, Postmaster General Newell stated here that he saw no reason why Canada could not have the same arrangement whereby Canadian stamps could be used for the extra fee of 10 cents on mail matter to be transported by air. At present, while the ordinary postage of two cents can be prepaid in Canadian stamps, it is necessary to use United States stamps to pre-pay the extra fee. It is understood that Canadian authorities have not asked for such an arrangement. No figure could be obtained here as to the number of letters being sent by people in Canada by the air mail route, which now operates from coast to coast in the United States and is said to save from one to two days on ordinary postal routes.

South African Flag Question

Basis of Solution Believed to Have Been Found

Cape Town, Government newspapers welcome the report of the conference committee and representatives of the South African Independent flag committee, as the basis of a solution of the flag question.

The opposition press, however, generally views the reports unfavorably, and strongly recommends the withdrawal of the flag bill this session.

The conference adjourned until May 19, with independent representatives to meet in secret session to work out the new design proposed by the government a flag with the cross of St. George on a green background divided into quarters.

Start Anti-British Movement

Native Section of Shanghai May Declare Boycott

Shanghai.—A definite Anti-British movement which may take the shape of a boycott similar to those recently declared at Canton and Hong Kong, was launched in the native section of Shanghai.

A great anti-British league was organized at a meeting attended by representatives of the Kommunist (Communist political party), the workers' association, the Teachers' Union of the International Settlements, the Telegraph Operators' Union, students of the Shanghai University and others.

Canadian Takes Garuso's Place

New York.—Edward Johnson, of Ontario, is to be Garuso's successor in the Canadian cabinet. He is Garuso's close friend and figuratively, already helped by John Maclean, as the greatest loss of the day. Mr. Johnson appeared as "Henderson" in "Aldo" at the Metropolitan opera-house wearing Garuso's costume.

Johnson is said to have been the art of her husband's success.

Partial Agreement With Soviets

Paris.—The Soviet and French representatives have reached a partial accord on the question of the sheep will not make the trade of woolly Ireland has lessened. As a matter of fact, the sheep have increased so rapidly that the market

Royal Competitors

At Ottawa Show Are Bidding Exhibits

Ottawa.—Held in the throne of Great Britain and Spain, with each other at the world's post its congress being held here on July 25 to August 1 of this year.

H.E.H. the Prince of Wales recently announced his intention of exhibiting some live birds from his farm in Cornwall, England, and will have been received that H.E.H. the Prince of Asturias, being to the Spanish throne, intended exhibiting some birds from his own country farm.

The idea from the Spanish Crown Prince's farm will be the feature of the Spanish national exhibit.

General Hoadley, registrar, secretary, received word from Prof. Salvador Castello, in charge of the Spanish exhibit, that the Spanish national exhibit was being forwarded on May 15, and that the first exhibit would be held at the Ottawa show on July 14. An exhibition is being held in Madrid on June 20 at which will be in place for the first time in the world.

The Spanish government, which will take three against the same exhibition, with a total frontage of fifty feet to a depth of thirty feet, states that it is prepared to leave its exhibit in place for the entire Canada exhibition. Twenty official delegates are coming from Spain.

ALBERTA COAL QUESTION IS UP FOR DISCUSSION

Ottawa.—Confidence was expressed by Hon. Charles Stewart, Minister of the Interior, that the coal question will be discussed at the House of Commons, that if the Board of Railway Commissioners found the cost of transporting Alberta coal to be more than \$2 a ton, the rate could be put into effect immediately, by Order in Council, without the need for another session of Parliament.

The Minister agreed that to enable Alberta coal to successfully compete with Canadian coal in the markets of Ontario, a \$7 a ton rate was necessary, and indicated that if the board found the rate to be greater than that, the government would be prepared to grant assistance in order to make the transportation of a million tons of Alberta coal to Ontario commercially feasible.

The government would take the same view in this matter as it had in granting assistance to the Markham River.

The question of transportation in the coal industry of Alberta was brought up by J. J. Gorman, C.P.A., Vice President.

Hon. Peter Heenan, Minister of Labor, said he had received several telegrams with respect to the situation in Alberta. Immediately upon receipt of these communications, he had sent a man to the mines in that province to study conditions. Mr. Heenan assured the House that he was not concerned by the situation in the coal industry.

Make Honorary Life Member

Vancouver.—Vernon Williamson, governor-general, was made an honorary member of the British Columbia Institute of Journalists when he and Lady Williamson were on for a tour of the province.

Why Lambs Leave Home

Fifty-thousand mountain sheep left their native haunts at Banff recently and were shipped by Canadian Pacific Express to their new home at Vancouver. The conclusion, which was the result of a month's trapping operations carried out by the Royal Mounted Police, was made at the expense of the government of British Columbia, to restrict sheep where the numbers of mountain sheep are depleted.

Visitors to Banff who flock to the spot on the Bow/Windermere lake was known as "Sheep Point" for the purpose of "sheeping" the sheep will not make the trade of woolly Ireland has lessened. As a matter of fact, the sheep have increased so rapidly that the market

WAGE INCREASE IS SOUGHT BY C.N.R. EMPLOYEES

Montreal.—The board of conciliation, recently appointed to consider increases for more than 20,000 railway employees of the Canadian National Railways, reviewed here. The board is composed of W. J. Day, president of the union, and H. H. Howard, J. Ross, K.C., Montreal, representing the men, and Peter White, K.C., Toronto, acting for the railway.

Of the 20,000 men, 18,000 are employed in various classes of work, including office clerks, passenger train employees, station and stationery workers, shippers and stationary clerks and firemen. They are seeking a 25 to 30 per cent increase in pay for a monthly rated men and hourly men for those working on contracts.

The remaining 2,000 employees are parlor, sleeping and observation car service men. This class requested a 10 per cent increase and a uniform wage schedule. At present they are working on four different schedules, the result of various amalgamations effected by the National system in the past few years.

Protest From Alberta

Claim Immigrants Not Fairly Work Becomes Public Charge

Edmonton.—A protest against the coming of Sikhs and other foreign immigrants in Alberta, Canada, and was made by the Provincial Government, Acting Premier George Hoadley, has wired Premier Peck, minister of immigration, calling his attention to the fact that men are being brought here exceeding six years, and that they are actually in the modified labor class and not for work on the farm.

With no provision made for their support, the government is being forced to do the sort of work they are able to do they are in most cases through men the public for support and it is this abuse of the situation that the government is protesting.

Provinces Not Included in Government Grant

Appropriation for Diamond Jubilee Celebration is for Ottawa Program Only

Edmonton.—If Alberta puts in a diamond jubilee celebration of the hundredth anniversary of the British North America Act, it will have to be its own expense, according to an Ottawa ruling just received by the government. The appropriation of the Federal parliament is to be spent in Ottawa entirely by the Ottawa committee, for its own program. There being no intention to allow a portion of the quarter million grant to the several provinces.

Problems Of Smuggling

U.S. Prison Made Goods Finding Their Way Into Canada

Washington, D.C.—The chairman of the Commercial Protective committee, gave further evidence before the Senate committee on the problem of smuggling goods into Canada. This revealed a most "intensive campaign" had been established last year when Mr. Sparks, former head of the customs service, had been produced in the point of view of the United States. As the international and other interest absorbed to the sale of these goods in the United States, open market, a proportion of them found their way into Canada. This had been proven thousands of Black Hills, Quebec, said Mr. Sparks.

"What the preventive service needs is brains, and not brains," declared Mr. Sparks, this morning. "To expect men, he believed, would be more to solve the problems of smuggling than an army of untrained officers."

The efforts of his organization were not directed against ports of entry, he said.

But the man who makes major cases of duty-free goods in a trip of duty is a criminal, he declared. True, the police investigate the law, but his advice might be regarded in the nature of a sword, while the duty-free goods are sold in the big commercial stores as a legitimate crime.

SUNDAY SERVICES

11 a.m. Sunday School.
7:30 Evening Worship.
3 p.m. Service at Bliss every Sunday except the last of each month.
Service at Sanderson School on the second Sunday of the month at 11 a.m.
Service at Fireguard and Bow Valley on the last Sunday of the month at 11 a.m. and 3 p.m., respectively.
Sunday, April 24.
Song Service.
"Singing the Songs of the Lord."

J. FRED SCOTT LL. B.

Barrister, Solicitor, Notary Public
26, 27 Lancaster Building Calgary
will be in Champion every Thursday afternoon, in old Municipal office.

Local and General

Mrs. Hune's sister, of Calgary spent Easter at the parsonage.

Mr. A. Baker spent Easter with friends at Carmanagay.

Mr. and Mrs. B. Hummel spent Easter visiting at Stavelly.

Miss Florence and May Ulrich spent Easter at their home here.

The Ladies' Aid will meet at Mrs. W. S. Ryan's on Thursday April 28.

Mrs. A. McKibbin, of Carbon, spent Easter with her parents, Mr. and Mrs. W. E. Watkins.

F. J. Clapp has been around for some days but still shows the effect of his recent sickness.

Mrs. F. Clever returned from Calgary hospital on Tuesday, well on the way to complete recovery.

Herbert Gill is the latest victim of the scarlet fever in town, being confined to his room on Sunday.

There was quite an exodus to Calgary from town for Easter, the travellers including members of the school staff.

The change in the weather on Thursday brought many farmers into town completing arrangements for pushing seeding operations when they are resumed.

Ray Warren is building a house on his farm west of town, and considerable lumber for repairs and additions to existing buildings has gone out recently.

The sudden cold snap and undrained ears did not work harmoniously together, Oscar Hagg and Jack Doyle being among those whose ears were damaged by freezing.

D. W. Harper had the index finger of his right hand badly crushed by the unexpected closing of a car door while his finger was in the way. He will not be able to handle a razor for some days.

The service in the United church on Good Friday and Easter Sunday were very much enjoyed by those who attended. Both music and sermons were special for the occasion, and were excellent.

C. W. Day, representing Fashion Craft made to measure clothes, will be at McCulloch Bros. on Wednesday, April 27th, with a full assortment of materials and models.

Just a little better effort on the part of advertisers and contributors will be at the Chronicle to be published on time every week. Please get your copy in just a little earlier.

The New and Finer PONTIAC SIX

**Its Smoothness and
Beauty Will Thrill You**

THE announcement of a New and Finer Pontiac Six—built in the great, new General Motors plant—justifies high expectations. Yet even this scarcely prepares you for the thrill of real delight you experience as you see the New and Finer Pontiac Six, and ride in it for the first time. Here are all the smoothness, power and stamina for which Pontiac Six won such unstinted praise last year. Here is the economy for which Pontiac Six became so quickly renowned. Here is all that made Pontiac Six, in its first year, the greatest success of all motor car history. But in addition, here is a new BEAUTY—new, Fisher Bodies, lower, longer, more graceful; new, higher radiator, new, appealing shades of Duco. Here is a car that commands a second admiring look wherever it appears.

The New and Finer Pontiac Six is a car of dashing appearance, built to perform outstandingly. It merits your close inspection, as its new, lower prices warrant your serious consideration.
